

AutoProtect Assist

The Dynamic Recovery Service

If you choose the AutoProtect Assist membership option, and you pay the extra premium, (see the Proposal Form for details), you will be entitled to the following AutoProtect Assist services, following a breakdown as defined below.

Breakdown means an electrical or mechanical failure within the UK, which immediately renders the vehicle immobilised.

This is a dynamic emergency assistance service designed by experts to suit you. AutoProtect Assist is administered on our behalf by Call Assist who operate a 24 hour, 365 days-a-year service for you should your vehicle experience a breakdown.

The Call Assist Rescue Controllers are trained to the highest degree and are backed by the latest computer technology and mapping facilities together with a fully trained network of Recovery Operators throughout the United Kingdom.

What Your Cover Includes

Roadside Assistance

One telephone call will bring help at the roadside if you breakdown or your vehicle is immobilised. AutoProtect Assist will provide a fast dependable service to get you going again.

Recovery

If your vehicle cannot be repaired at the roadside we will take your vehicle to the nearest authorised repairer or if not possible to the destination of your choice.

Home Assist

You can rely on AutoProtect Assist to attend a breakdown at your home or work to get you going again. Should this not be possible your vehicle will be taken to an authorised repairer.
